Description:

Description of project including duties performed:

During the "Sabbath English School project, I participated (with Elisa) as a volunteer of mentory about how we can introduce ourselves in a mission, with practical activities and basic explanation about, as an example, saying "Hi" or "What do you like to do?". During the lessons, we used materials such as a sheet of paper for everyone to respond based on the content presented before. The results were significant, the students were engaged and I guess they could understand quickly what we meant. The project contributed to their spiritual growth and the learning about how to communicate with other people presenting themselves.

Description:

Description of project including duties performed:

Ação "Mais Carinho".

During "Ação mais carinho" project, I focused in offering quality time and funny moments for the elderly there. The plan was, briefly, organized and realized at Saturday's, every fortnight; and we prepared simple but funny moments with the elderly there. We played games, songs, talked about their interests and listened to their life's history. During the visits, I gave my best to create a respectful moment with them; I wanted them to feel comfortable and safe around me. I believe the impact was hugely noticeable by the emotional context and the bonds created (which both were important to help them).
