Description:

Description of project including duties performed:

Several students and I participated in a mission trip to the municipality of Tamandaré. We spent about a week there and carried out various activities to help the community, such as a health fair with qualified professionals and presentations on the eight natural remedies, beach cleanup, revitalization of the CEPENE research center, food distribution, the "Impact Hope" project, renovation of the CEPENE dormitories, and clothing donations. It was wonderful to be able to serve a community that is so in need alongside my friends and to feel God's presence using us as instruments to do His will. But mission work cannot only happen when you are on a mission; Jesus wants His servants to live the mission.
